

The staff spotlight is shining on Todd Sharp! Todd has been with High Stakes Management for two short months and has already been promoted to Field Account Manager.

Todd was raised in Belton, Missouri, where he currently resides. After high school, he entered the workforce and, soon after, opened his own company. In doing so, he realized his passion for sales, which led him to us.

Todd continually displays excellent leadership skills in the field. He is also taking initiative to help with our new Target campaign. He has a bright future with our company, and we can't wait to see what the next year brings for him. Congratulations, Todd!
